## APPROVED FRONT DOORS & HURRICANE SHUTTERS

This policy outlines the approved specifications and installation guidelines for front doors and hurricane shutters within the condominium community. Its purpose is to ensure consistency in appearance, structural integrity, and compliance with applicable building codes and association standards. All residents must adhere to these requirements prior to making any modifications.

### Requirements:

- An Architectural Review Committee (ARC) Form must be submitted and approved by The Cove at French Villas Board of Directors prior to any installation. The submission must include the selected door type, contractor license, and proof of insurance.
- All required city permits must be obtained before installation begins.
- All doors must be white. 3 Options:
  - Original 6-Panel Door
  - Glass Oval Door with 2 Panels Bottom
  - Impact-Resistant Glass and Aluminum Single French Door
- Hurricane Shutters: Ivory Color Only
